

K-LOVE radio is an important service to me as a resident of the local community by providing a strong moral alternative to the music and radio programming available on commercial stations.

It is an encouraging source of entertainment.

If K-LOVE were to be displaced by LPFM, it would remove this source of radio programming which serves me with this positive alternative and I would not be able to receive the K-LOVE broadcasts.

I believe that the service provided by K-LOVE is in the public interest because it provides an alternative and a balance to other commercial radio broadcasting. If this were removed, I believe that the public would be deprived of such service to the local community.
